WEIMAR FILM AND MODERN JEWISH IDENTITY

Ofer Ashkenazi
Since the fall of the Berlin Wall and the collapse of communism, the very meaning of Europe has been opened up and is in the process of being redefined. European states and societies are wrestling with the expansion of NATO and the European Union and with new streams of immigration, while a renewed and reinvigorated cultural engagement has emerged between East and West. But the fast-paced transformations of the last fifteen years also have deeper historical roots. The reconfiguring of contemporary Europe is entwined with the cataclysmic events of the twentieth century, two world wars and the Holocaust, and with the processes of modernity that, since the eighteenth century, have shaped Europe and its engagement with the rest of the world.

Studies in European Culture and History is dedicated to publishing books that explore major issues in Europe’s past and present from a wide variety of disciplinary perspectives. The works in the series are interdisciplinary; they focus on culture and society and deal with significant developments in Western and Eastern Europe from the eighteenth century to the present within a social historical context. With its broad span of topics, geography, and chronology, the series aims to publish the most interesting and innovative work on modern Europe.
